

# CLOUD IMMERSION EXPERIENCE

July 25th or August 22nd for Business Decision Makers

A facilitated, hands on exploration of business solutions through technology

RSVP A WEEK IN ADVANCE

## What It Is:

- ☒ A learning experience to better understand the tools you use everyday or what's available to make your job even easier
- ☒ A custom session guided by you and your colleagues' interests, priorities and needs - involvement is a must!
- ☒ A facilitated walk-through of a live environment in the cloud to explore what's possible
- ☒ Fun! Each participant will select a character or "persona" to play for the session

Tell us your challenges and we'll take a deep dive into the custom solutions to solve them.

## What It's Not:

- ☐ A sales pitch that leaves you unfulfilled with more questions than answers

Designate one or several people from your company to attend!
